Expert Billing Solutions for Your Practice

Billing Guru's are the practice management and medical billing experts. Since 2004, Billing Gurus has been providing customized practice management, billing and healthcare IT solutions to physicians and healthcare groups. We provide our services nationwide and are experienced with all major specialties. We have the experience, the people, the technology and the in-depth domain knowledge to address the specific needs of each practice.

The Benefits

INCREASE REVENUE

Improve your collections by up to 25%. Our expert billing process is focused on collecting more and collecting faster, shrinking your accounts receivables.

LOWER YOUR OVERHEAD

Our customers save between 30% to 50% on overhead management costs related to their medical billing.

GAIN VISIBILITY

You always maintain control and visibility of the billing process. Our reporting features provide you with new insight into your practice's performance.

CUSTOMIZED SOLUTIONS

At Billing Gurus we understand every practice is different. We provide custom solutions for your individual needs.

Get Started

Learn more about how **Billing Guru's** practice management solutions can streamline your billing operations and improve your practice's performance.

"Billing Guru's has dramatically increased our revenues and quite possibly has the lowest collection based service fees. Since billing is done through a virtual terminal at my office, we have complete knowledge and control over the billing process"

*Dr. Tony Mathew MD FCCP
Pulmonary Consultants of SWFL*
